

# High stakes ... clear choices

The Alberta Alternative Budget proposes a 5% provincial sales tax, which would generate an additional \$5 billion per year in provincial revenue.

What could be done with \$5 billion?

More educational assistants

More teachers

Less poverty

Smaller class sizes

Improved long-term care

Universal prescription drug plan

Universal child care

Reduced university tuition fees

For more details on how the Alberta Alternative Budget would allocate this revenue, visit [progressive-economics.ca](http://progressive-economics.ca).
