

World Teachers' Day provides an opportunity to look at the state of education and the teaching profession across the globe.

MISSING SCHOOL

264 million school-aged children and youth globally are out of school.

61.4 million

PRIMARY AGE

61.9 million

LOWER SECONDARY AGE

141 million

UPPER SECONDARY AGE

GLOBAL POVERTY

55%

If all adults completed secondary education, global poverty rates would be cut by 55%.

Estimated effect of universal secondary education completion on poverty
